

**Attachment no. 1**

PCMH+ W3 QUALITY MEASURE SET (effective January 1, 2024)

Scoring Measures	Measure Steward	National Quality Foundation #
Potentially Preventable Emergency Department (ED) visits (PPE)*	3M	NA
Potentially Preventable Hospital Admissions (PPA)*	3M	NA
Child and Adolescent Well-Care Visits (WCV)	NCQA	1516
Avoidance of Antibiotic Treatment for Acute Bronchitis/Bronchiolitis (AAB)	NCQA	0058
Developmental screening in the first three years of life	CMS	NA
Ambulatory Care - ED Visits (AMB)	NCQA	NA
PCPCM Survey	ABFM	NA
Challenge Measures**	Measure Steward	National Quality Foundation #
Behavioral Health Screening 1–18	DSS	NA
Metabolic Monitoring for Children and Adolescents on Antipsychotics (APM-E)	NCQA	2800
Readmissions within 30 Days - Physical health and behavioral	DSS	NA
Antidepressant Medication Management (AMM)	NCQA	0105
Prenatal and Postpartum Care (PPC)	NCQA	1517
Follow-up -After Hospitalization for Mental Illness (FUH)	NCQA	0576
Follow-Up After Emergency Department Visit for Mental Illness (FUM)	NCQA	3489
Reporting Only Measures	Measure Steward	National Quality Foundation #
Annual fluoride treatment ages 1-4	DSS	NA
Appropriate Treatment- for Upper Respiratory Infection (URI)	NCQA	0069
Asthma Medication Ratio (AMR)	NCQA	1800
Breast Cancer Screening (BCS-E)	NCQA	2372
Cervical Cancer Screening (CCS)	NCQA	0032
Chlamydia Screening in Women (CHL)	NCQA	0033
Follow-Up Care for Children Prescribed ADHD Medication (ADD)	NCQA	0108
Immunizations for Adolescents – HPV	NCQA	1407
Oral Evaluation, Dental Services	ADA	2517
Use of Imaging Studies for Low Back Pain (LBP)	NCQA	0052
Well-Child Visits in the First 30 Months of Life /Well-Child Visits in the First 15 Months) (W30)	NCQA	1392

\* For each of the potentially preventable hospital admissions (PPA) and the potentially preventable hospital emergency department visits (PPV) measures, each PE must either: (A) be ranked within the top 30% of PEs for that measure in a performance year and/or (B) improve their score on that measure compared to the prior performance year. PEs will meet this quality gate only if they meet at least one of these methods of meeting this updated quality gate for both PPA and PPV.

\*\* The Challenge Pool Score will be based on a subset of four Challenge Pool quality measures selected by each PCMH+ PE from the list of all available Challenge Pool quality measures. The selection of measures will be subject to DSS approval and must be made prior to the start of the Performance Year.
